

# Sanctuary 2020

# This year has been amazing.

Together, we have created three amazing **community art projects**, hosted our largest ever **day camp** with close to four hundred people involved over three weeks of camp, watched **Sanctuary Kids** continue to be an amazing part of Sunday mornings, seen **youth group** grow into three distinct groups with almost fifty participants, watched that group **serve the homeless** in Hyannis, **packaged thousands of meals** for local families, served our broader community in Plymouth and Marshfield through six amazing service projects on **Neighbor to Neighbor weekend**, sent a team to northern Virginia to volunteer with **Appalachia Service Project**, harvested loads of vegetables from the **community garden** for the Marshfield Food Pantry, supported families in need through **Neighbor to Neighbor**, made major updates in Marshfield including a **new septic system**, continued to invest in Plymouth with our first ever **art show**, revamped our open mic to give even more people a chance to share their talent at **Spotlight Night**, offered **ukulele jam sessions** and **group guitar lessons**, grown our **bell choir** and **bands** with even more amazing musicians sharing in worship, eaten **pancakes**, lot of pancakes, put on a production of the play **Lazarus**, and have had over **700 people weekly** from across the community use our spaces for recovery, preschool, theater, worship, quilting, scouting, relaxing, pondering, peace-making, change inspiring, thought filled, brilliant, beautiful moments that create sacred space, connect us to God, and move us to respond together in all of the numerous ways previously mentioned above. Whew. **Thanks**. This year has been amazing.

## You make Sanctuary happen.

All that we do is only possible because of your gift.

Each year we divide our budget into shares.

**1 share**  
= \$25 per week.

This year we need the Sanctuary community to invest in 149 shares.

If you think of Sanctuary as your church, please consider making a commitment to support Sanctuary this coming year.

If you've given cash or made an anonymous gift,

let us thank you properly by making a gift online or putting your name on a giving envelope.

If you've made occasional contributions,

consider setting up a recurring weekly or monthly sustaining gift.

If you're already making a sustaining gift,

consider increasing your gift to invest in one or more shares this year.

If you already contribute 1 share or more,

consider how you are able to continue your support of Sanctuary.

THANK  
YOU
